

## TRANSFORMER COMMODITIES INDICES

MONTHLY

STATISTICS

FOR THE PERIOD

**January 2009 - August 2024**

**PUBLICATION DATE: 15 October 2024**

The indices are published monthly, usually in the last week of the month following the month of reference in compliance with EU market statistical rules (e.g. data for September 2021, is published in the last week October 2021). The indices for paper, cold steel and hot steel are lagging one month behind as these are based on data from national statistical offices, which become available after the deadline for the T&D Europe indices.

**IMPORTANT**

Each operator on the market remains free, autonomous and independent to set its respective prices. The indices do not affect the freedom of markets players to set and change their prices and T&D Europe will not give any instructions on how to use the indices.

In April 2020, the December 2019 - March 2020 indices for GOES High Grade have been updated due to a change in the number of reporting organisations.

**Following a quality check in October 2024 the Mineral Oil index for the period January 2023 to August 2024 has been updated, following the discovery of a data entry error.** The issue has been resolved and a robust process has been put in place to avoid its reoccurrence.

We have stopped publishing the **Aluminium and Copper indices** after December 2012, as information is readily available from other sources.
